RE: Dues Increase

We have been notified by the National Independent Automobile Dealers Association (NIADA) that effective January 1, 2012 their membership dues will increase by \$10.00 per member. At that time, \$60.00 (instead of the current \$50.00) of the annual membership fee we collect from each member must be remitted to the NIADA. Your membership in MIADA- DIADA includes automatic membership in the national association (NIADA).

In anticipation of this increase, MIADA-DIADA has decided, by a unanimous vote of the Board of Directors, to raise the annual membership dues to **\$250.00** (from the current \$225.00) beginning with the **January 1, 2012** dues renewal. MIADA has not had a membership dues increase since 1999 even though our operating costs have risen over the past 12 years. With this increase, less the \$60.00 we send to NIADA, we will be left with \$190.00 from each member to operate the Association.
